Bolon Ik Ionsun

Derick Ion with Dream Rockwell and 11 others.
March 21 · 🌐

Hey... Friends in L.A. area..... Anyone got a copy of "Geek Love" by Katherine Dunn.... My daughter Bolon Ik eats mature books for breakfast.... She just hung out with the freakshow on venice and was raised with the yard dogs and Rainbo's peticular country fair world.... So... She is desperately in need of reaffirming literature. After being seperated from our unique strangeness for so long.
